PAIR Investment Company Limited Notes to the Condensed Interim Financial Statements (Un-audited) For the nine month period ended 30 September 2024

1. STATUS AND NATURE OF BUSINESS

PAÏR Investment Company Limited,("the Company") is an unlisted Public Limited Company incorporated in Pakistan on January 15, 2007 under the Companies Ordinance, 1984 (repeated by The Companies Act, 2017). The Company has been notified as a Development Financial Institution by the Ministry of Finance, Government of Pakistan.

The Company is a Joint Venture (50:50) between Government of Pakistan and Iran Foreign Investment Company which is owned by the Government of Iran. The Company's objectives interalia includes financing for industrial and commercial projects, capital and money market operations and other investment banking activities. Its registered and principal office is situated at 17th Floor Ocean Tower, Clifton, Karachi. The other regional office is situated at Mezzanine Floor, PACE Tower T-27-H Gulberg 2, Lahore.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These condensed interim financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Approved accounting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Whenever the requirements of the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IFRS or IFAS, the requirements of the Companies Act, 2017 and the said directives shall prevail.

2.2 The disclosures made in these condensed interim financial statements have been based on the format prescribed by the SBP vide BPRD Circular No.2 dated February 09, 2023 and IAS 34. SBP prescribed format for condensed interim financial statement of profit and loss account have been amended by showing separate line item of levies proceeding to profit before taxation to comply with requirements of IAS 37, IFRC 21 and guide on IAS 12 issued by Insitute of Chartered Accountants of Pakistan (ICAP). These condensed interim financial statements do not include all the information and disclosures required for annual financial statements and should be read in conjunction with the financial statements for the year ended December 31, 2023.

3. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policy information and methods of computation adopted in the preparation of these condensed interim financial statements are consistent with those applied in the preparation of the audited annual financial statements of the Company for the year ended December 31, 2023 except adoption of new accounting policy as fully described in note 4 of these condensed interim financial statements.

4. ADOPTION OF NEW ACCOUNTING POLICY

4.1 Accounting for minimum taxes and final taxes

As an application resource, a guide was issued by Institute of Chartered Accountants of Pakistan (ICAP) in May 2024 'IAS 12 Application Guidance on Accounting for Minimum taxes and Final taxes' (the guide) applicable for reporting period June 30, 2024 and onwards.

In the given guide it has been stated that minimum taxes and final taxes which are charged as per the provisions of the Income Tax Ordinance, 2001 previously accounted for and presented as income taxes within the scope of IAS 12 'income taxes' will now be treated as 'Levies' as defined in para BC4 of IFRIC 21 as taxes whose calculation is based on gross amounts such as revenue.

As per IAS 12, income taxes includes all domestic and foreign taxes which are based on taxable profits which is the profit (loss) for a period, determined in accordance with the rules established by the taxation authorities, upon which income taxes are payable (recoverable).

In view of the above clarifications from ICAP, it has been established that minimum tax and final taxes do not meet the criteria of income tax expense as per IAS 12 hence it should be accounted for under IFRIC 21 'Levies' and IAS 37 'Provisions, Contingent Liabilities and Contingent Assets'.

The guide issued by ICAP provides two (2) approaches to account for minimum and final regime taxes, which is a choice of accounting policy of which the Company has chosen the following:

Designate the amount calculated on taxable income using the notified tax rate as an income tax within the scope of IAS 12 'Income Taxes' and recognise it as current income tax expense. Any excess over the amount designated as income tax, is then recognised as a levy falling under the scope of IFRIC 21/IAS 37. Under approach (b) i.e. when the excess is treated as a 'levy', the effective rate of income tax is equal to the enacted rate of income tax.

Similarly, any amount deducted as final taxes will be classified as a levy in the statement of profit or loss and there would be no deferred tax liability / (asset) recognised in case of final taxes.

Super tax charged to entitles as per provisions of Income Tax Ordinance, 2001, will be classified as either 'Income Tax' or 'levy' in accordance with guide stated in preceding paragraphs of this guide [i.e. if super tax calculation is based on taxable profits as defined in IAS 12, then, such super tax shall be recognised as 'income tax' otherwise such super tax shall qualify for recognition as 'levy' as per IFRIC 21 / IAS 37].

Advance taxes paid under any section of the Income Tax Ordinance, 2001, except minimum taxes paid under section 113, which are termed as levy as per the above guide will be classified as 'prepaid assets'.

The above changes have been accounted for in these condensed interim financial statements as per the requirements of IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'. The adoption of this policy did not result in restatement of condensed interim financial statements and the application of this guide did not result any material differences except for reclassifications which are presented as below:

Effect on statement of profit or loss:	Current Classification (Rupees	Previous Classification s in '000)
For the period ended June 30, 2023		
Taxation: - Current year	191,673	204,858
Levies:		
-Final tax	13,185	
	204,858	204,858

4.2 Taxation / Revenue Taxes

i. Current

Provision for current taxation is based on taxable income at the enacted / corporate tax rate after taking into account tax credits and rebates available, if any, as per the Income Tax Ordinance, 2001.

ii. Levies

Levies as per IFRIC 21, final taxes on capital gain and dividend income.

A levy is an outflow of resources embodying economic benefits that is imposed by governments on entities in accordance with legislation (i.e laws and/or regulations), other than:

- (a) those outflows of resources that are within the scope of other standards.
- (b) fines or other penalties that are imposed for breaches of the legislation.

In these condensed interim financial statements, levy includes minimum taxes differential, if any, final taxes and super taxes which are based on other than taxable profits. The corresponding advance tax paid, except for minimum taxes under section 113, which are treated as levy are recognised in prepaid assets as 'prepaid levies'.

iii. Deferred

Deferred tax is provided using the liability method for all temporary differences at the reporting date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes after considering, the average effective rate of tax as determined in approach (b) to the guide issued by ICAP.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax asset is recognised for all deductible temporary differences and carried forward unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilised.

Deferred tax assets and liabilities are measured at enacted tax rate that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the reporting date.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The basis for accounting estimates adopted in the preparation of these condensed interim financial statements are the same as those applied in the preparation of the financial statements of the Company for the year ended 31 December 2023.

6. FINANCIAL RISK MANAGEMENT

7.

6.1 The financial risk management objectives and policies adopted by the Company are consistent with those disclosed in the financial statements of the Company for the year ended 31 December 2023.

^{9.3} This lincludes Rs. 400 million invested by the company on various dates in Tier II TFC issued by Khushhali Microfinance Bank Limited (the issuer). Delay in payments is due to "lock in event" that has restricted the Issuer to make payment without the approval of the State Bank of Pakistan (SBP) to avoid the Issuer's noncompliance of minimum capital requirement and capital adequacy ratio. In view of the fact that the Issuer is continuing as a going concern without any restriction on its operations from the regulator and also the company has been actively borrowing from the issuer in the inter market during the period under review, management of the Company believes that no provisions is required to be made in condensed interim financial statements.

			30 September 2024 (Un-audited) (Rupees	31 December 2023 (Audited) in '000)
21.	CONTINGENCIES AND COMMITMENTS			
	- Commitments	21.1 - 21.3	7,195,661	10,772,437
	- Other contingent liabilities	21.4	245,280	245,280
			7,440,941	11,017,717
21.1	Commitments in respect of repo transactions		111111111111111111111111111111111111111	
	Repurchase agreement borrowings		6,895,661	10,472,437
21.2	Direct credit substitutes		300,000	300,000

The amount represents Standby Letter of Credit and Letter of Comfort facilities issued to the Company's clients in its normal course of business.

21.3 Commitments to extend credit

The Company makes commitments to extend credit in the normal course of its business but these being revocable commitments do not attract any significant penalty or expense if the facility is unilaterally withdrawn.

21.4 Other contingent liabilities

21.4.1 The status of the tax contingencies remain unchanged as disclosed in the note 19.5 of annual audited Financial Statements for the year ended 31 December 2023 except for:

"With respect to super tax in tax year 2023, whereby the notice under section 4C of the Income Tax Ordinance, 2001 was issued in Feb 2024 demanding super tax of Rs. 73.103m against declared super tax of Rs. 23.266m. The notice was challenged before the Islamabad High Court(IHC) and IHC has decided the issue in favor of the company. The department has challenged the Judgment of IHC in intra Court Appeal (ICA). The case is pending with ICA. The Company, in consultation with its tax advisor, is confident of a favorable outcome."

22. OFF BALANCE SHEET FINANCIAL INSTRUMENTS

Off balance sheet financial instruments includes derivatives, contracts the characteristics of which are derived from those of underlying assets. These include forwards and swaps in money and foreign exchange markets. The Company's exposure in these instruments represents equity futures. The Company also enters into repo transactions against government securities carrying fixed interest rates and having fixed contractual maturities. The credit risk associated with repo transactions is secured through underlying government securities.

23. DERIVATIVE INSTRUMENTS

The Company at present does not offer structured derivative products such as interest rate swaps, forward rate swaps, forward rate agreements or forward exchange options. However, the Company buys and sells derivative instruments such as equity futures.

23.1 Equity futures

An equity futures contract is a standardized contract, traded on a futures counter of the stock exchange, to buy or sell a certain underlying scrip at a certain date in the future, at a specified price.

The Company uses equity futures as a hedging instrument to hedge its equity portfolio against equity price risk. Only selected shares are allowed to be traded on futures exchange. Equity futures give flexibility to the Company either to take delivery on the future settlement date or to settle it by adjusting the notional value of the contract based on the current market rates.

34. FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified as amortised cost, is based on quoted market price. Quoted securities classified under held to collect model are carried at amortised cost.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

34.1 Fair value of financial assets

The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- **Level 3:** Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction. Fair value of financial instruments is based on:

Government securities

PKRV / PKFRV rates (MUFAP rates)

Term finance certificates and sukuk bonds (other than government)

MUFAP rates

Listed securities

PSX rates

In the opinion of the management, the fair value of the remaining financial assets and liabilities is not significantly different from their carrying values.

34.2 The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measured is categorised.

37.1 State Bank of Pakistan issued Green Banking Guidelines vide IH&SMEFD Circular No. 08 of 2017 with a view to safeguarding against environmental risks emerging from banks and DFIs' businesses and operations. In order to align the DFI with regulatory expectations, PICL has put in place a Green Banking Framework focusing on following three areas:

1) Environmental Risk Management

For increasing financial stability through management and mitigation of environmental Risks of Lending portfolio, PICL has in place integration of environmental risk considerations into the credit risk assessment by introducing an Environmental Risk Rating, which is part of the Credit Risk Assessment.

2) Business Facilitation

The DFI is pursuing a green portfolio through soliciting clients for Renewable Energy related Lending by offering the SBP's Renewable Energy Refinance Scheme.

3) Own Impact Reduction

In order to reduce its own impact on environment, the DFI has set targets to lower its energy consumption, paper and waste reduction, bring energy efficient equipments, and plantation of greenery in surroundings.

38. GENERAL

- 38.1 Figures have been rounded off to the nearest thousand rupees, unless otherwise stated.
- 38.2 The Pakistan Credit Rating Agency Limited (PACRA) has maintained the long term entity rating to AA (Double A) and the short term rating at A1+ (A one plus) of the Company.
- 38.3 Comparative information has been re-classified, re-arranged or additionally incorporated in these condensed interim financial statements wherever necessary to facilitate comparison and better presentation.
